

Your Support Needed !!!!

Environmental Assessment Worksheet comment period is open,
it's time to express your concerns to the Otter Tail County Commissioners,

Please take the time to visit Otter Tail County website or SLCCG.info to read the EAW.
The Star Lake Concerned Citizens Group has a guideline and helpful information
to write your comments.

Please attend the public meeting on June 15th at the Pelican Rapids High School from 7-9 pm.

Right now is an extremely critical time in the Environmental Review Process on the PROPOSED Star Lake Casino Developments as May 22nd marked the beginning of the 30 Day Comment Period which will run through June 21st. This is most important opportunity for you to go on record if you have any concerns about the Environmental Assessment Worksheet (EAW). The purpose of the EAW process is to disclose information about potential environmental impacts of the project. It is NOT an approval process.

The Star Lake Property Owners Association and it's supporters strongly recommend that the proposal of the largest commercial development ever of it's kind in OTC warrant a more stringent Environmental Impact Statement (EIS)

If you care about fish, wildlife, water quality, & recreation and proper development as we do, then it is critically important that we show OTC Commissioners through:

- 1) all of us writing quality EAW COMMENT LETTERS

Your comments can be sent to:

Bill Kalar

Land and Resource Director

OTC Government Center

540 West Fir

Fergus Falls, MN 56537

- 2) attending the PUBLIC INFORMATION MEETING June 15th at Pelican Rapids High School from 7pm to 9pm to show support and offer public testimony

Star Lake Property Owners'
Association, Inc.
P.O. Box 155
Dent, MN 56528
